# RESUME
Randall J Gohmann
(*Software Engineer*)
(708-363-0520)
rgohma2@gmail.com
https://github.com/rgohma2

## TECHNOLOGIES

- HTML, CSS, Javascript, JQuery, Node JS, Express, MongoDB, React, Flask, SQL, Python, Postgres

## EDUCATION

**General Assembly** (Chicago, IL)

*Software Engineering Immersive Fellow(Dec 2019- March 2020)*

- Completed 12 week, immersive software engineering program which consisted of 500+ hours of working with leading languages and technologies to develop back-end, front-end, and full stack applications.
    - Project 1: *Speed* *https://rgohma2.github.io/Project-1-Speed/*
        - Speed is a virtual modeling of the classic 2-player competitive card game. It was built with HTML, CSS, Javascript, and JQuery.
    - Project 2: *Neighborlie* https://neighborlie.herokuapp.com/
        - Neighborlie is a social media and property management app that allows fellow tenants and their landlord to connect and create a community.

## PROFESSIONAL EXPERIENCE

**Pleasant House Bakery** (Chicago, IL)

*Baker (May 2017- March 2018)*

- Bakery that specializes in stone-ground, naturally-leavened sourdough bread baked in a wood fire oven.
- Job entails:
    - Mixing, shaping, and baking various breads and pastries for wholesale clients everyday and for weekend farmers' markets.
    - Preparing lunch for tenants of The Plant Chicago every Tuesday and Thursday, as well as preparing food items for Bubbly Dynamics' meetings.

**The Warbler/Gather** (Chicago, IL)

*Head Baker (April 2018- July 2019)*

- Gather and its sister restaurant The Warbler are New-American themed restaurants located in Lincoln Square.
- Job entails:
    - Working with head chef to develop and implement new recipes, as well as instructing Sous Baker on tasks involving mixing, shaping, and baking doughs.
    - Preparing breads and pastries on a daily basis to be used for restaurant service in the evening.

## ADDITIONAL SKILLS

- Intuitive, creative, self-motivated, articulate, team-player
